EXPERIENCE

2025 - Present	●	Frontend Developer Self-Employed Responsibilities & Achievements: - Designed and developed multiple web applications using React, Next.js, and TypeScript, ensuring responsive and user-friendly interfaces. - Built reusable UI components and implemented modern styling with Tailwind CSS, improving development speed and design consistency. - Integrated Firebase for authentication, real-time database, and hosting, enabling secure and scalable applications. - Managed source code with Git/GitHub, maintaining clean version control and effective collaboration workflows. - Optimized website performance through code-splitting, server-side rendering, and SEO best practices. - Delivered projects for different clients, from landing pages to dynamic web apps, meeting deadlines and client requirements.
2023 - 2025	●	Frontend Developer Ölgerðin Responsibilities & Achievements: - Built reusable and responsive UI components (buttons, sliders, modals, forms, cards). - Developed interactive features using React (hooks, props, state management). - Implemented adaptive layouts with HTML5, CSS3, Flexbox, and CSS Grid. - Integrated JavaScript/TypeScript logic to handle user interactions and events. - Consumed REST APIs with fetch/axios, rendered dynamic lists and event data. - Configured client-side routing with React Router. - Applied styling solutions (CSS Modules, Styled Components, Tailwind CSS, SCSS).
2021 - 2022	●	Marketing Assistant / Frontend Developer / Digital Marketing Specialist Tanita-Romario Responsibilities & Achievements: - Used JavaScript (ES6+) for form validation, DOM manipulation, and basic interactivity. - Implemented responsive layouts from Figma/PSD designs using HTML5, CSS3 (Flexbox, Grid). - Managed and optimized Facebook Ads and Google Ads campaigns with monthly budgets ranging from \$10,000 to \$20,000. - Ensured cross-browser compatibility and mobile-first design. - Created advertising reports and analytics dashboards to track performance, ROI, and conversion metrics. - Developed and launched product landing pages, collaborating with designers and developers to ensure high-quality user experience. - Designed ad creatives and copy that effectively attracted and engaged target audiences. - Assisted in website development and marketing strategy execution to support overall business growth. - Increased online sales revenue by 4x during tenure, with every fourth visitor clicking through paid advertising campaigns.
2020 - 2021	●	Media Buyer / Frontend Developer / Performance Marketing Specialist AcidBro Responsibilities & Achievements: - Collaborated on the development of mobile applications and landing pages, contributing to product growth and user acquisition. - Implemented responsive layouts from Figma/PSD designs using HTML5, CSS3 (Flexbox, Grid). - Built reusable UI elements such as buttons, navigation menus, sliders. - Created and tested video and image ad creatives tailored to diverse target audiences and international markets. - Conducted A/B testing of campaigns, targeting strategies, and creatives to identify the most profitable combinations. - Scaled campaigns across global GEOs, adapting ad strategies to local markets and cultural specifics. - Planned, launched, and optimized advertising campaigns across Unity Ads, Google Ads, and Facebook Ads with budgets up to \$10,000. - Achieved ROI up to 600%, significantly exceeding performance benchmarks.

EDUCATION

2014 - 2018

Professional qualification manager-administrator
Odesa I.I. Mechnikov National University

Odesa, Ukraine

CERTIFICATIONS

Understanding TypeScript — Instructor: Maximilian Schwarzmüller

A very practical and comprehensive course that covers everything from the basics to advanced concepts of TypeScript, with clear examples, guided exercises, and real-life projects to consolidate your learning.

Mastering React (2025)Instructor: Andrii Polishchuk

A detailed course geared toward developers with prior experience in React, with a focus on advanced patterns, performance, and best practices; not recommended for beginners.
